

Seventh Avenue Center

A work in progress... A dream come true

EOTC's Seventh Avenue Center, a **human services hub**, is a model for:

- collaborative service delivery
- economic development
- neighborhood revitalization
- sustainable building renovation, and
- preservation of urban green space

With compatible organizations **sharing space and resources**, Seventh Avenue Center offers new opportunities for:

- expanded collaboration
- improved information and referral
- comprehensive program development
- more effective service delivery
- greater fiscal efficiencies

Everyone who comes to Seventh Avenue Center will benefit from a setting that is environmentally, economically, and programatically responsible.

Seventh Avenue Center is an ideal **opportunity for investment** in:

- Family stability and well being
- Services for children and families
- Economic self-sufficiency and job readiness
- Mentoring
- Green space preservation
- Environmentally sustainable design and technology
- Innovations in the nonprofit sector

Family-friendly features include:

- Parent-child library
- Computer learning lab
- Private counseling space
- Open classrooms
- Dining room and kitchen
- Conference rooms
- Art displays
- On-site parking
